Dear Judge Robinson

On and about 1/2/08, at 9pm I called the New Castle County Police Department on my nephew, one Keith Rodriguez and explain to the dispatcher at the time how he was steeling off us at the time and requested that a police officer would talk with him over the phone and stated to the officer that he had no place to go and it was to cold out to make him leave our home.

During the conversation, my mother had gotten on the phone, I hollered for her to hang up but the officer took this the wrong way, and sent a police officer out to our home.

Upon there arrival I expand to them that I had been living here going on two years, I also payed rent each month, bought my own food and was a car giver to my mother who is 68 years old and is in every pour health at this time.

I also explained to one Officer Beckman that Mr Rodriguez has been steeling my mothers checks and recently stolen a 30 dollar gift card that was purchased for my son for Christmas along with numerous other items as well do to the fact that Mr Rodriguez is a hereon attic and needs money to support his habit on a regular basis.

After my conversation on the porch, with Officer Beckman she went into the house to talk to my nephew Mr Rodriguez, after about ten minutes they came back out to the porch and proceeded to arrest me for harassment, which I didn't know at that time.

The real problem her is that every time I have any contact with the law and they type my name in there computer, they find out that I have a physiological profile and arrested me right on the spot, right or wrong it doesn't matter, its never made a difference in the eyes of the law, and this was mention to me upon my arrest that night and I was question that night as to the nature of my physiological profile that has been following me for years.

So they arrest me, took me to the New Castle County lock up and charged me with harassment, reason being is that I told my nephew that he needs to find some were else to live and that we were tired of him constantly steeling off of us all the time.

Do to the fact that I was under so much stress that night I thought I was having a heart attack witch I suffered not less than a year ago before.

I ask one of the Officers for my nitro glycerin tablets on several occasions but was refused the medication, it took over 45 minutes before they had gotten a ambulance there to take to the emergency room, I know because they never took my watch when they processed me before putting me in a cell.

I spent all night in the hospital, had I were having a real heart attack, I would have died in that cell that night, even with sevrsl atempts they never came around to check up on me even after knowing the nature of the situahion and the seriousness there of.

We let Mr Rodriguez move into our home because he had no were to go, during a period of a month and a half he refused to work, payed no rent, bought no food and stolen from us on a regular basis and I explained all this to one Officer Beckman at the time but it made absolutely no difference to her what so ever.

The only thing that seam to matter to her was the fact that I had this physiological profile and to the nature there of.

It has gotten to the point in my life that no matter what may happen to me in the future, that Im litterly scared to death to call the police even if something happens to me or any body else that I my be associated with at the time, or incident that may occur, I should never have to worry about calling the police for any reason.

This has got to stop some were and that's why Im hoping that the Fedral court system can make

just that difference in this matter, at least this is the place to start, that's why I'm suing Officer Beackman and the New Castle County Police Department on the grounds of defamation of caricature and have this taken off my record or what ever other options may be available for me.

Respectfully Yours  
Harry T Collins
